

# "HURRICANE"

30 Seconds to Mars

1st impression, song is about a girl.

okay, back to the girl idea... or is it?

No matter how many times you told me  
You wanted to leave  
No matter how many breaths that you took  
You still couldn't breathe

God, Grandpa, Bruno

girl leaves him because he is suffocating her.

The secrets that we swore  
We'll never know  
The love we had, the love we had  
We had to let it go

No matter how many nights that you lie wide awake  
To the sound of the pulsing rain  
Where did you go? Where did you go?  
Where did you go?

think of myself, lying awake, afraid of death.

Tell me would you kill to save a life?  
Tell me would you kill to prove you're right?  
Crash, crash, burn, let it all burn  
This hurricane chasing us all underground

As days go by, the night's on fire  
-fear the night

Tell me would you kill to save a life?  
Tell me would you kill to prove you're right?

Crash, crash, burn, let it all burn  
This hurricane's chasing us all underground

No matter how many deaths that I die  
I will never forget  
No matter how many lies that I live  
I will never regret

value one life over another.

News/World Events - ignoring it

Do you really want?  
Do you really want me?  
Do you really want me dead or alive  
To torture for my sins?

Constant bombardment  
Social/political?  
Katrina?  
- Personal

There is a fire inside that has started a riot  
About to explode into flames  
Where is your God? Where is your God?  
Where is your God?

idea becomes a catalyst.

Questions religion

Do you really want?  
Do you really want me?  
Do you really want me dead or alive  
To torture for my sins?

- If we are a bad person do we go to hell and are tortured for our sins?

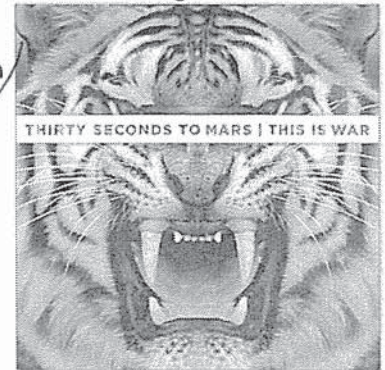

Do you really want?  
Do you really want me?  
Do you really want me dead  
Or alive to live alone?

- If we are a good person, do we go to heaven even if we ignored the problem of our fellows men/women?

Tell me would you kill to save a life?  
Tell me would you kill to prove you're right?  
Crash, crash, burn, let it all burn  
This hurricane's chasing us all underground

The promises we made  
Were not enough  
The prayers that we have prayed were like a joke

Are you testing us to be better than ourselves... is it all pointless?

Bigger than a girl

insects with us.

INDISTINCT - LOST IN THE NOISE

Isolation ... futility... frustration... was this all because of a girl?
